   @tauruscrafts #tauruscrafts

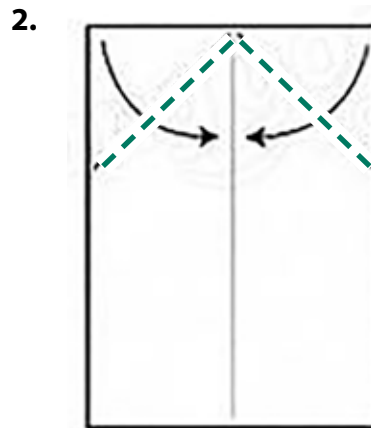

paper plane

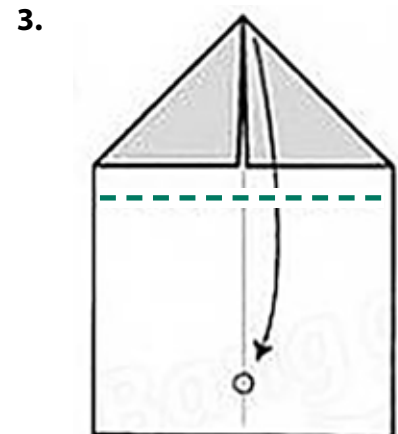

1. First colour in the patterns on the piece of paper on the opposite page, or design your own.
2. Then follow these instructions, folding along the dotted lines.

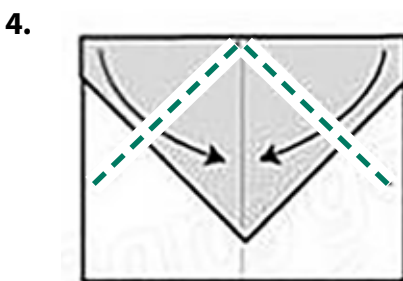

Fold piece of paper in half

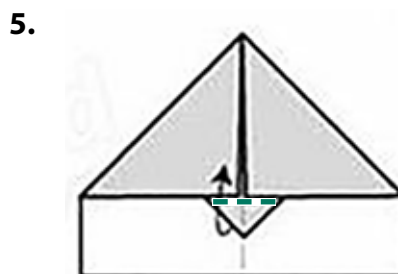

Unfold paper and fold in the top two corners

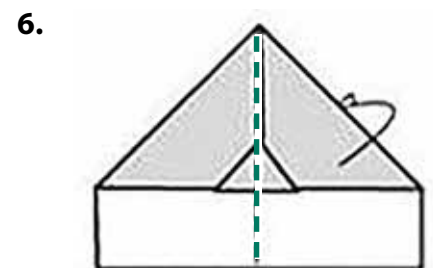

Take the top point and fold over. About 1-2cm from bottom edge.

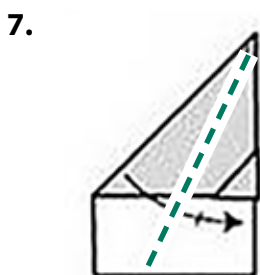

Fold the top two corners of the paper into the middle

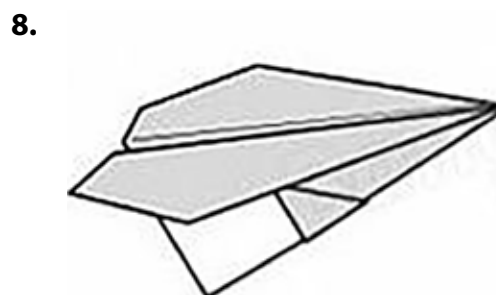

Fold small triangle point up

Fold paper in half, away from you

Fold to make wings

Now fly your plane
