## Discover the magic of our Christmas Shop

Camphill Village Trust is dedicated to supporting adults with learning disabilities, mental health problems and autism to lead a life of opportunity.

Our communities operate different day opportunities activities, workshops, and enterprises, all aimed to offer an opportunity to the people we support to develop in a way that suits them. Farms, gardens, craft workshops, cafes, retail, and food production are a key part of life in our communities. They offer the people we support the opportunity to gain new skills, feel valued and improve their mental and physical well-being - resulting in more people with learning disabilities, mental health problems and autism living a more healthy, active and autonomous life.

As you explore our collection, you will find beautiful items that have been lovingly crafted by the very hands of the people we support, as part of our day opportunities activities and workshops (look for our red stars). This year, we have also partnered with like-minded organisations who share our values to bring additional products to our shop. The people we support have added their personal touch to the products by creating the designs and labels.

Each product is beautiful packaged, an ideal treat for yourself or a loved one. With every purchase, you are not just getting a gift - you are helping us realise our vision to see more people with learning disabilities, mental health problems and autism lead a life of opportunity.

Thank you for being part of our journey.
